

AY-FTO2010

**ACCESS
CONTROL**

Built in Battery Access Control With SMS Alert GPRS
Fingerprint Time Attendance System

Product features:

- ◆ Special algorithm with faster speed and high steady quality.
- ◆ High USB interface with 10 times speed than normal usb.
- ◆ With international 32 bit DSP CPU
- ◆ High resolution LCD show employee's name and finger image.
- ◆ 3000/5000 fingerprints suits different enterprise and company.
- ◆ High speed tcp/ip communication make data transfer steady.
- ◆ Free driver scan usb for easy using.
- ◆ USB pen driver download or upload the reports in Excel or TXT file
- ◆ Provide free software and free sdk.

Product features:

Model	AY-FTO2010
Product Name	Time Attendance
Algorithm	BioTH5.0
Identification Mode	1:1,1:N
Fingerprint Capacity	3000
Record Capacity	200,000
Identification Speed	<1Sec
FRR	<0.01
FAR	<0.0001
Working Voltage	9V
Working Style	Online
Identification Style	Fingerprint/Password/Card
Language	English/Spanish/Turkish/Arabic/Thai/French/Vietnamese and so on
Name Display	Yes
Communication	TCP/IP, RS485, USB Line, USB Pen Driver, (GPRS,3G,4G,WIFI)
Access Control	Yes
Inbuilt Bell	Setting Bell
Installation Way	Wall-Hung
LCD Size	2.8 TFT Color LCD
Product Size	192*136*40mm
Other Functions	Backup Battery/IC
